### Patient Information

Your first consultation with us may take up to 60 minutes. Please allow enough time.

**Your examination may involve the use of eye drops which can blur your vision. We advise you not to drive until your vision returns to normal.**

Please bring to your appointment this referral, your spectacles (if any) and a list of your current medications.

Payment is required on the day of your consultation which will enable you to claim a rebate from Medicare. Visa, Mastercard and Eftpos are accepted.

If you are unable to attend your appointment we would appreciate at least 24 hours notice.
